## · - <u>iOS App Step</u> by Step:

With this app you can use eBooks in ePub format, as well as eAudios and eMusic in WMA format on all smartphones, iPodTouches and tablets with iOS from Version 7.0.

### **Requirements:**

- 1. Existing Adobe ID
- 2. Bluefire Reader available in the App Store

### Adobe-ID

An Adobe ID is a free user account with the software manufacturer Adobe. The Adobe ID ensures that the borrowed title can only be used by one person. A transfer of the borrowed title onto other devices is possible.

You can get an Adobe ID at the following link: http://adobe.ly/10rVzBT

### Start the Onleihe app

Start the Onleihe app, search and select "Goethe-Institut e.V."

## Goethe-Institut e. V.

### The homepage

You will find the following functions on the homepage:

- 1. Help function for questions and answers about the Onleihe.
- 2. *Meine Bibliothek* ('My Library') shows the number of borrowed and reserved titles you have.
- 3. Your last or current eAudio title.
- 4. New acquisitions, most popular loans, and previously returned titles to the Onleihe will be shown and can be scrolled through.
- 5. Menu list which leads you to the various menus.

### Settings and filter for the title list

- The settings can be brought up with the icon at the top of the page.
- The filter enables you to view your search results by availability and type of media.
- Here you can also alter the view of your results with Liste ('list') or Gitter ('grid')
- If you alter the basic settings, the cogwheel turns blue.

### Reserving

If a title is already on loan, you can reserve it. Click on *Jetzt vormerken* ('reserve now') and type in your email address. As soon as the reserved title becomes available again, you will receive an email at the address you provided.

### Borrowing ePub eBooks

If you would like to borrow a title and it is available, click on *Jetzt ausleihen* ('Borrow now').

### Select / use media

### D

The following icon: Meine Titel enables you to see an overview of your loan items. The different media will be shown according to their type in your loans account. Select the title you want to read.

### Note:

Please note that here you can't open some titles which you have, for example, borrowed via the computer.

- eBooks in PDF format
- eVideos
- eAudios which were already downloaded via the computer.

### Tip: Removing Adobe ID

In case you wish to remove your Adobe ID or authorise the app with another Adobe ID, you need to do as follows:

In Bluefire Reader select the info icon (i) and click on *Adobe ID entfernen* ('remove Adobe ID').

### eAudio streaming

The Onleihe enables you to play (stream) eAudios and eMusic directly online via the app. The advantage is that long download times are avoided and you can hear the music straight away. However you need a constant internet connection while you are listening to the titles.

### Note:

Please note that when borrowing items you need to decide whether you want to borrow the eAudio as a stream (via the app), or as a download (via the website). During the loan period a stream cannot be downloaded onto the computer, and an eAudio title which has already been downloaded, cannot be streamed.

### Borrowing an eAudio title

Search for an eAudio or eMusic title. With the filter in the settings: you can limit your search results list to just eAudios, for example.
